

Job Title:	Outpatient Mental Health Clinician/Intake Coordination Assistance
Location:	Durham, NC
Position Type:	Full-Time position (40 hours/week)
PROGRAM INFORMATION	
<p>The Center for Child & Family Health (CCFH) has maintained a trauma-focused outpatient therapy clinic since its inception in 1996. CCFH is the only treatment agency in North Carolina that is part of the National Child Traumatic Stress Network. Our clinicians are proficient in the use of several evidence-based treatments with children and families. CCFH is also home to a number of trainers endorsed by the treatment developers; their work has gained CCFH a statewide and national reputation for training agencies to implement and sustain these treatments.</p>	
JOB DESCRIPTION	
<p>Reports to: Mental Health Clinic Director</p> <p>Duties & Responsibilities:</p> <p>OUTPATIENT MENTAL HEALTH CLINICIAN (80-90% with productivity requirements)</p> <ul style="list-style-type: none"> • Provide services to children and families with exposure to trauma and/or chronic stress • Provide evidence-based treatments, such as Trauma-Focused Cognitive Behavioral Therapy and Parent-Child Interaction Therapy • Provide comprehensive diagnostic assessments to children that include and identify familial, emotional, social, and environmental strengths and problems related to their diagnosis, illness, treatment, and/or life situation • Formulate, develop, and implement a comprehensive psychosocial treatment plan utilizing appropriate evidence-based treatments • Complete all required training and ongoing fidelity monitoring for utilized evidence-based treatments • Maintain a working knowledge of relevant medical, social, legal, and cultural issues that affect patient care (e.g., immigration status, child abuse) • Maintain working knowledge of and liaison with community agencies and resources • Document assessments, treatment plans, interactions, and interventions according to policies and procedures • Maintain confidentiality around patient and family information • Participate in continuous quality improvement efforts • Promote collaborative learning among colleagues through available venues (e.g., model specific group supervision, mental health team meetings, learning collaboratives) • Perform other related duties incidental to the work described herein <p>INTAKE COORDINATION ASSISTANCE (10-20%)</p> <ul style="list-style-type: none"> • Review incoming referrals and conduct initial screening to ensure they meet the admission criteria • Conduct screening interviews with clients and their families as part of the admissions process • Work cooperatively with Mental Health Clinicians to schedule assessments • Track all referrals and follow up as needed • Distribute information to appropriate division (data entry, insurance verification, etc.) • Collaborate with families, internal and external programs/agencies, DSS, etc. • Attend occasional meetings with community partners <p>Qualifications for Position:</p> <ul style="list-style-type: none"> • Master’s Degree in Human Services Field (e.g., Psychology, Social Work, Counseling) • Licensed Mental Health Professional in North Carolina 	

Skills & Knowledge Required:

- Experience providing trauma-informed and culturally responsive clinical practice
- Training in evidence-based treatments, including fidelity monitoring (desired)
